

PICNIC

Our new Picnic all-in-one seated and dining sets are designed for the expanding demand for outdoor furniture solutions.

Its not only limited to the outdoors however, that is only an option. This table set looks great in any environment.

Using our extensive range of metal finishes, the 50mm box section frame is powder coated in a colour of your choosing and then fitted with an easy to clean, weather-

durable Solid Grade 12mm thick Laminate (SGL) seats and table top.

The table top is 750mm wide as standard however the overall width including the bench is 1820mm. The sizes then range from 1800mm long right up to 3000mm long.

Optional floor fixing feet is also available on request.

STANDARD FEATURES

13mm solid grade laminate (SGL) benches and table top.

The SGL solid black core is machined and grooved for easy cleaning and to help stop water pooling on a large surface.

Welded mild steel frame in 50mm box section. The first coat that is sprayed on the frame protects it and helps weather-proof for outdoor use. The second coat is coloured with powder coated paint such as the ones above.

Feet fitted with plastic glides or floor fixing brackets for floor protection or security.

SENATOR 3 R'S

Senator is committed to continually improving the sustainability of all environmental aspects within our business.

To meet both international standards and our own environmental targets we apply the three R's principle -**Reduce, Reuse and Recycle.**

Whilst recycling is the element which receives the most exposure it is actually the last option available and should never be the prime target in anyone's battle to reduce waste.

It is our duty as individuals and as a company to initially attempt to **Reduce** usage. Then we should look to **Reuse** wherever possible and finally, only after these two processes have been exhausted, should we consider **Recycling.**

Reduce Reuse Recycle

DESIGN By Senator

Our team of talented in house designers are responsible for creating elegant, innovative furniture designs which not only look beautiful, but minimise the impact on the world around us. personal taste.

They come from all over the world, but are based in our Design Centre located in a quiet Lancashire village just outside the Ribble Valley. Our dedicated facility is over three floors which include studios, a materials test centre and prototyping lab.
