

# Seated

Seated is a modular seating solution, it is available single sided, double sided and as a straight or curved unit.

It features horizontal stitching detail at 150mm increments giving depth and shadow to the back rest.

Seated has a solid wood frame construction with 90mm thick foam seat.

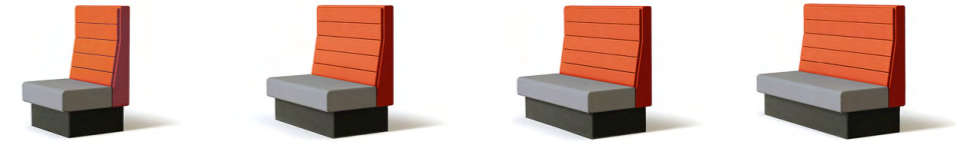

Upholstery is totally bespoke so fabrics, leathers or vinyl's can all be selected, completed with a black laminated kick panel base.

Please note that single and double sided Seated units are supplied fully assembled. Seated booths are supplied KD to be assembled on site.

Purchase of Seated includes kerbside delivery to U.K. mainland on Senator standard transport. Costs for direct delivery and installation to be prearranged upon ordering.

# Seated Pod

With Full Wall

Seated is one of our original, longest-standing products and ever a favourite amongst corporate and leisure facilities alike. Along with the freestanding seats, the booths and the curved, it seemed only fitting to add a show-stopping Seated Pod to the family.

Seated has a solid wood frame construction with 90mm thick foam seat; completed with a black laminated kick panel base. The roof is fitted with PIR activated downlights,

meaning the light will activate with movement and can be modified to suit. Like all our Pods with a wall, they are supplied with a table that is fitted at one end to the wall with a bracket, then supported with a chrome leg at the other end.

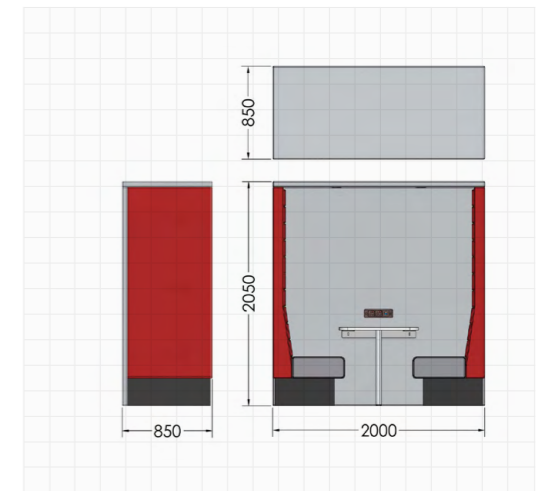

With a choice of 850mm or 1500mm deep, an impressive 2050mm high and 2000mm wide as standard.

Seated Pod is also fitted with in-surface power on the rear wall which includes 2x power sockets, USB A & USB C components.

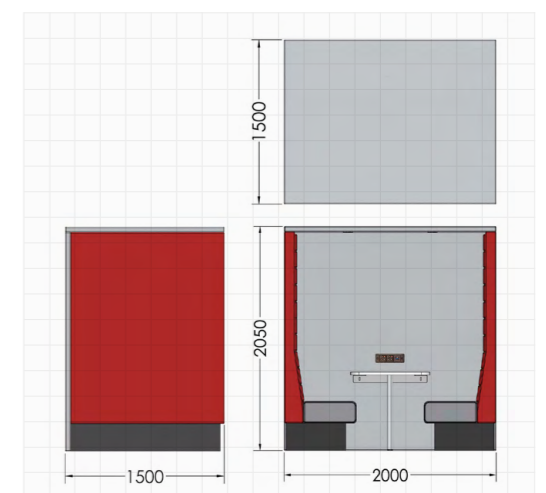

Purchase of Seated Pods include delivery and installation during normal working hours.
