

Shard Apex Pod

Open Pod

With the same function as our ever popular Shard Pod, the Apex boasts the extra shapes and clever angles with the double pitch, mansard style roof. Bringing focus to a homely warmth and the invigorating glow from the ambient lights this Pod has to offer.

With a choice of three depths; 800mm, 1200mm and 1500mm deep, standing an impressive 2200mm high and a 2250mm wide as standard.

Shard Pods are clad with Senator standard 18mm MFC. The roof is fitted with PIR activated downlights, meaning the light will activate with movement and can be modified to suit.

Complete the look with a Pod Table such as the narrow Pinnacle shown above.

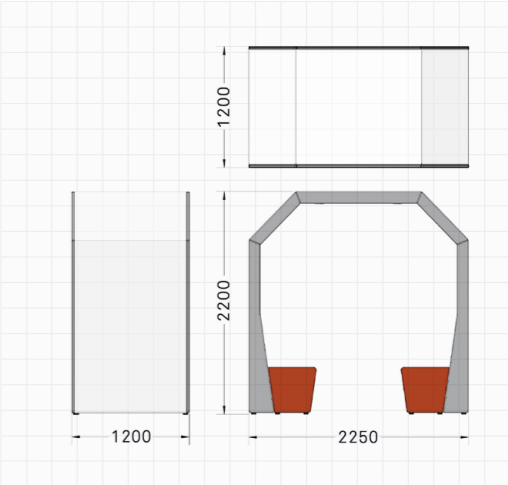

Purchase of Shard Apex Pods include delivery and installation during normal working hours.

Purchase of Shard Apex Pods includes delivery and installation (to the ground floor or other floors via use of a lift) in U.K. mainland during normal working hours.

Shard Apex Pod

With Half Wall

The half wall Pod options gives focus to a space that is intimate and personal, however the wide, window-like opening at the back keeps the occupier connected to the surroundings without feeling too exposed.

The Pods with walls are supplied with a table that is fitted at one end to the wall with a bracket, then supported with a chrome leg at the other end. They are also supplied with a power module that has 2 x power, 1 x USB A and 1 x USB C components.

With a choice of three depths; 800mm, 1200mm and 1500mm deep, standing an impressive 2200mm high and a 2250mm wide as standard.

Shard Pods are clad with Senator standard 18mm MFC and the table is made using 25mm MFC. The roof is fitted with PIR activated downlights, meaning the light will activate with movement and can be modified to suit.

Shard Apex Pod Half Wall is also fitted with in-surface power on the rear wall which includes 2x power sockets, USB A & USB C components.

Purchase of Shard Apex Pods include delivery and installation during normal working hours.

Shard Apex Pod

With Full Wall

Shard Apex Pod with a full wall is a creative way of adding a personal room within a room. A clever way to keep conversations concealed but still inviting enough to share a friendly exchange with those that pass-by.

The Pods with walls are supplied with a table that is fitted at one end to the wall with a bracket, then supported with a chrome leg at the other end. They are also supplied with a power module that has 2 x power, 1 x USB A and 1 x USB C components.
